The journey must be part of the applicant's studies or research work, related to Faroese matters. The application must include a confirmation of a visiting agreement with the University of the Faroe Islands or cooperating institutes, in addition to confirmation from the home university that the travel is part of the applicant's educational programme. If there are more qualified applications than grants available, the University will prioritize those applications that have the best project description.

The scholarship will be available upon arrival in the Faroe Islands.

Application forms are available on www.setur.fo and must be submitted to the address given below or by email (with a scanned signature) to setur@setur.fo. The application deadline is 1 April 2012. Incomplete applications or applications received later than 1 April will not be accepted.
